**FOR TIMELESS STYLE AND
EASY EVERYDAY LIVING**

Featuring fast and easy
to install click system

Signature is a leading designer of differentiated and fit-for-purpose flooring solutions in Australia and New Zealand. From luxurious carpets, hardwearing timber, waterproof hybrid planks, to durable laminate and resilient vinyl floors – we offer flooring solutions to match a variety of design trends, budgets or installation challenges. Ultimately, we help you transform your private spaces with flexible and fashionable floors aligned with your specific lifestyle needs. Founded in 1989, Signature is an Australian owned and operated business with a thriving purpose-built facility in Melbourne, Victoria.

DIMENSION HYBRID FLOORING

With easy, luxurious, and hassle-free living informing our core philosophy at Signature, the Dimension range of hybrid planks meets every imaginable need for today's modern lifestyle. Uniquely enough, the individual plank names take inspiration from the world's leading thinkers of Western thought like Aristotle, Plato and Kant, each of whom once made the idea of the good life central to their philosophies. Dimension is available in 10 stylish references including Aussie species, oak and tile designs, offering a combination of comfort, style, practicality, and hygiene.

BLACKBURN SPOTTED GUM

THINK WELL DESIGNED & PRACTICAL SPACES

Thoughtful home design factors in human experience and behaviour. In that, spaces are visually appealing, functional and comfortable – enriching and nourishing those living in them. Since flooring is one of the largest blank canvases in any home, the right choice of material and design can lend ease, comfort and even a new dimension.

Dimension's stylish planks appear distinctive for their true-to-life hardwood and stone designs. The graphics are state-of-the-art, injecting both warmth and personality to your home.

KANT OAK

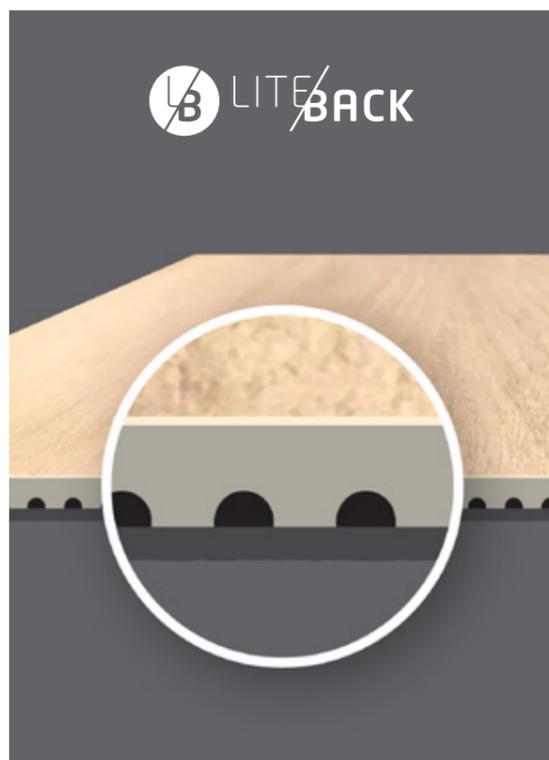

DURABLE & FAMILY FRIENDLY

With a rigid solid core and extra heavy-duty PUR enhanced wear layer, Dimension is exceptionally sturdy and durable. It's 100% waterproof and offers easy maintenance, making it ideal for families with children and pets. Lay them without stress in kitchens, bathrooms and laundries.

ACOUSTICS & PERFORMANCE

Dimension is quieter compared to other hard floors. This can be attributed to the unique Liteback® technology, a heavy-duty backing that helps improve acoustic performance. Achieved by milling channels in the rear of the planks, air pockets are created that allow space for sound to be dispersed, reducing noise transfer to rooms below. Making Dimension ideal for use in upstairs bedrooms or apartment complexes. Dimension's Liteback® core technology also ensures all raw materials get used efficiently. Planks weigh up to 20% less than usual, making them easy to handle during installation without compromising the product's performance.

STUART MILL SPOTTED GUM

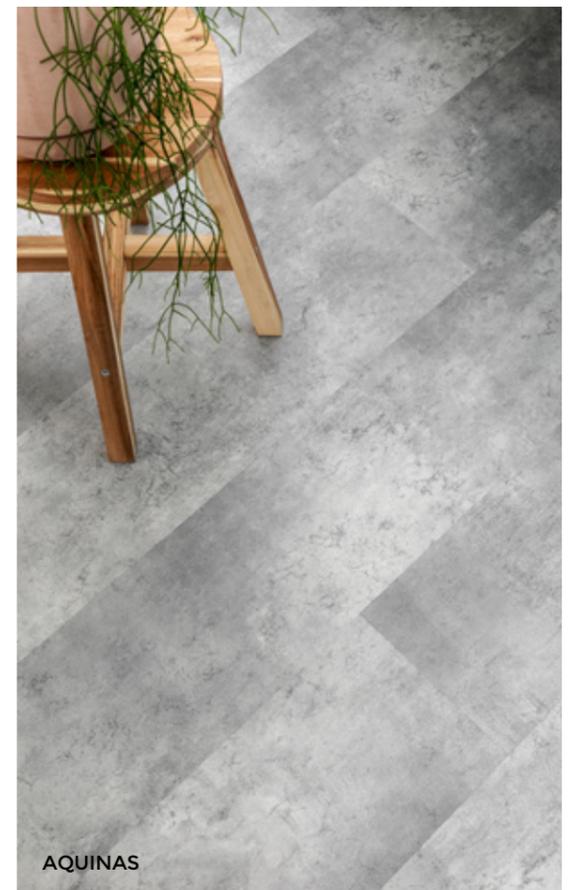

QUICK & EASY INSTALLATION

It's easy to install Dimension directly over existing hard floors. With a 5G click-lock system, installation is fast and hassle-free. The planks can also be laid over other floor types with minimal floor prep. Translating to higher savings for customers looking to renovate their personal spaces or spruce up an investment home. Enjoy a consistent and seamless look with up to 400 sqm installed without the need for expansion trims.
