While all care is taken, product images may vary in colour due to possible printing process variations. Images are to be used as a guide only to give an idea of the colour and nuances of the pattern, but are not fully representative of the variations among the planks (which reflects the natural product which inspired the design). For a representative view of the surface structure and variations within the design, take a look at the big samples on display and ask your retailer for more advice.

Legacy

Legacy captures the natural beauty and complexity of real timber in a stunning laminate floor. Variable embossing provides a realistic textured finish, complimenting the gorgeous intricate designs.

Accidents happen, so with Aquashield™ your floor is protected against spills for 48 hours*, perfect for busy households.
